## PROFILE

Aspiring Computer Science student with a solid IT background from a technical high school in Poland. Gained practical experience in networking, servers, and programming through Erasmus+ internships in Portugal and two placements as a Network Administrator at WASKO S.A. in Gliwice. Actively participated in hackathons, demonstrating creativity, problem-solving, and teamwork skills. Passionate about developing solutions that simplify and enhance everyday life.

---

## EDUCATION

**Technical High School Diploma – IT Technician (Technik Informatyk)** **Sep 2020 - April 2025**  
**Technical High School No. 1 in Gliwice (ZSTI)**

I am in my final year at Technical High School No. 1 in Gliwice, ranked among the top 25 technical schools in Poland and 2nd in the Silesian region. I have maintained strong academic performance (4.76 average in the penultimate year) and passed the INF 02 exam in Networking and Servers. I am preparing for the INF 03 Programming exam in January and will take the matura exam in May, with extended subjects in Mathematics and English. My education has equipped me with skills in network administration, server management, and programming (JavaScript, CSS, HTML), as well as foundational knowledge in C++ and Python.

---

## INTERNSHIP EXPERIENCE

**Network Administrator** at WASKO S. A. Gliwice, Poland **April 2024 - May 2024 & March 2023**
